

TOWN AND COUNTRY

About Local People and Events and Other Matters of Interest

High school baseball, Marceline vs Laclede, at Highland park this afternoon, May 12.

Several varieties of sweet potato plants for sale by L. M. Wilson at his home in west part of town.

N. E. Randall of Hannibal made a short visit here Tuesday night with his parents, Mr. and Mrs. Ed. Randall.

The Power Garage sold two Ford touring cars this week, C. R. Goodman route two, and W. S. Cotter being the purchasers.

A county W. C. T. U. institute will be held in Laclede on Thursday, May 25. The program is now being arranged by the local union.

Mr. and Mrs. R. J. Alexander and their son-in-law, Chas. Wilson and family, moved to Cameron last Saturday, Mr. Alexander having traded his farm on route three for a hotel at Cameron.

Mrs. Anna Willard, last Saturday sold her residence property now occupied by N. Byrne to C. F. Sayles at \$1400. Mr. Sayles will occupy it as soon as convenient for the present tenant to vacate.

Miss Florence M. Dye succeeded in passing the office test at the Chillicothe Business College last week and has entered the office training department. In about four weeks Miss Dye will have her course completed and will be ready for employment.

The Women Christian Temperance Union offers a prize of one dollar for first prize and fifty cents for second prize to the boy or girl under fourteen years of age for the most beautiful flower bed. The judges and date to be announced later.

H. E. Maybee left Tuesday on a business trip to Kirksville, Jefferson City and other points for the Farmers Mutual insurance company of Mexico, Mo., with which he is now connected. When questioned about the rumor that he was to remove from Laclede, Mr. Maybee said nothing of the kind was even contemplated and that his intentions were to remain in Laclede.

Commercial Clubs Get Farmers

That Commercial Clubs of Missouri towns are including farmers in their organizations, much to the betterment of the clubs, is the opinion of Sam M. Jordan, lecturer of the state board of agriculture, located at the college of agriculture of the University of Missouri at Columbia.

"Towns and country communities are working out problems common to both," says Mr. Jordan. "The farmers and townspeople both have ideas that are of value to each other. This co-operation is a wonderful step for advancement of both town and country."

Mr. Jordan goes to all parts of the state on lecture tours. He says that he has found the interest of the farmers in the meetings conducted by lecturers from the University to be excellent.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, etc.
Take Hall's Family Pills for constipation.

The History of Our School

Our school house is in good condition and is located in the western part of Laclede. In 1857 Jacob E. Quick built the first school house. E. G. Clough did the carpenter work. The building was sixteen feet square and cost \$75. Miss Martha Quick, daughter of the builder, Jacob E. Quick, was the first school teacher.

The first public school building was built on the site of the present school house in 1857. It was used until 1873 when it was moved and a modern brick building was built in its place. This last school house contained four large and comfortable rooms and was in service until 1901. Then it gave place to the present handsome school building that is yet serving the pupils of our town. The school property is valued at \$18,000.

One thing the school has is a good school library which is steadily growing and contains several hundred volumes of best reference books in history, English and science. The school with a few hundred dollars more for improvements will be one of the best equipped in this part of the state.

The pupils enjoy athletics such as basket ball, foot ball and base ball.

At the present time music and drawing are taught in the grades besides the regular studies. The high school has three teachers devoting their full time to the high school.

Our school has seven teachers and a superintendent: Mr. Crookshank, superintendent and teacher of latin and agriculture; Miss Walker, geometry and history; Miss Minnie Trippeer, algebra, history and English; Miss Cassie Heath, seventh and eighth grades; Miss Dora Goins, fifth and sixth grades; Miss Ethel Kent, third and fourth grades; Miss Nellie Barber, first and second grades.

HERMA DEININGER.
Eighth Grade.

Here and There

Gazette: — Miss Fisher Shipp arrived home last week and will take a vacation until June when the Fisher Shipp Concert Company will make a summer and fall chautauqua tour.

The Linneus public schools will observe May Day with an elaborate program on Friday of this week to begin at 10 o'clock with a parade. The last number on the program will be a ball game with Milan.

News: — Prof. Buell Enyeart, who is superintendent of the Browning public school, is in receipt of a telegram notifying him of his election to the superintendency of a school in California with a salary attached of \$133 per month.

Gazette: — L. M. Andros, a prominent farmer living south of this city, returned from Hollywood, California, Wednesday, to which place he was called last November by the sickness of his mother, Mrs. R. S. S. Andros, who passed away April 8.

Prof. A. S. Hill, superintendent of the Green City schools the past four years, has been elected superintendent of the Shelbyville schools for next year. Prof. Hill is a son-in-law of Rev. Enyeart, former pastor of the Laclede M. E. church, now stationed at Linneus.

Rev. L. H. Maples, who conducted a successful revival at the Baptist church in Laclede last winter, has moved his family from Green City to Browning. He is district evangelist and a great portion of his work being in Linn county it will be more convenient to reside at Browning than at Green City.

What Sort of Clothes do You Prefer?

Do you like plain self-tone fabrics or something of the dashy order—bold, striking and effective?

Do you prefer a double breasted coat with a soft-front style and with rolling wide lapel?

Do you like stripes in preference to plaids?

Do you want to pay \$15 only or do you want a superfine fabric at \$35?

Whatever you do like

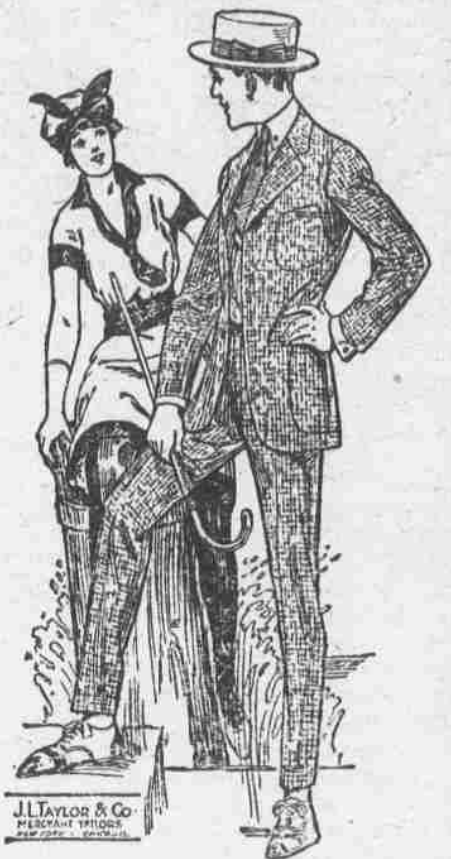

the buying of clothes to your own measurements will enable you to get it without the slightest trouble. You don't have to take whatever fits you, whether it really appeals to you or not, but any style, any fabric and at any price that strikes your fancy best of all.

That is the proper and most Economical way to buy Clothes.

Get them made to your own measure.

Let Taylor Do Your Tailoring.
